

EASYdemp Light anti-drumming strips

Self-adhesive, bitumen anti-drumming strips

EASYdemp Light self-adhesive anti-drumming strips are particularly suitable for anti-drumming light sheet materials, such as aluminium, up to a thickness of 2 mm. This material is characterised by combining excellent anti-drumming properties with a high degree of flexibility.

Profits

- ✓ Easy to use
- ✓ Water and oil resistant
- ✓ Self-adhesive

Applications

- Facade panels
- Water hammers
- Solar shading systems
- White goods
- Automotive (+ car damage repair)

Size

Standard length 500 mm and standard width 1.7 mm. Available in three standard widths, namely 40, 70 and 100 mm.

Color

Black

Processing

- Easy to trim or cut to size
- Due to its flexibility, EASYdemp is good for processing cylindrical shapes
- The substrate must be dry, free of dust and grease
- It is important to prevent air inclusions
- Do not use at temperatures below 15 degrees Celsius
- If the EASYdemp has become colder than 15 degrees during transport, let it acclimatise first in a warm room.
- EASYdemp has an initial tack and a final bond that is active after approximately 6 hours.

#weareacoustics

EASY Noise Control is the specialist in acoustics and sound insulation. We are market leader in solutions at the field of room acoustics for buildings. In addition, we supply a wide range of acoustic materials directly from stock.
